

Hilcorp Employee Giving Opportunity

Support Kenai Peninsula Community Pools

Water safety, wellness, and community access for local families

Dear Hilcorp Employees,

The Kenai Peninsula has always been a place where families, neighbors, schools, and local businesses come together to build something stronger than any one of us could build alone. Our community pools are part of that story.

For generations, these pools have helped kids learn to swim, given seniors and adults a safe place for exercise and therapy, supported school programs, trained lifeguards, and created a place where families can gather around something healthy and positive. In a community surrounded by rivers, lakes, and ocean water, swim lessons and water safety are not luxuries. They are life skills.

Community pools are not a luxury. They are water safety, wellness, and community access.

Today, the future of these pools needs community support.

Kenai Peninsula Community Pools is working to build a stronger, more sustainable path forward for local pool operations, programming, and access. The goal is simple: keep community pools available, well-used, and financially supported so they can continue serving children, families, schools, seniors, and the broader Kenai Peninsula for years to come.

That is where Hilcorp employees can make a real difference.

Through your Hilcorp giving funds, you have the opportunity to direct support toward this local effort and help protect an important community resource. Your donation can help strengthen pool access, expand programming, support water safety, and keep these facilities serving the people who need them most.

How to donate through your Hilcorp Fund

Please use this exact memo: To benefit KP Community Pools!

1. Sign in to your Hilcorp Fund through the Alaska Community Foundation.
2. Search for Bridge's as the nonprofit. Tax ID #92-0151271.
3. **Under the memo, write: To benefit KP Community Pools!**

Your support sends a powerful message: that community pools matter, that water safety matters, and that Hilcorp employees care about the future of the Kenai Peninsula.

Thank you for considering a gift to help keep our pools open, active, and serving our community.

With gratitude,

Will Lee

Founder & Interim Executive Director
